The Mound

The original "Mound" was located on the campus of the old Fairmont Normal School. It was a favorite meeting place for students and its name was given to the first yearbook. In 1938, part of the Mound was transferred to the location next to the Senior Walk where it remains today as a link between the old campus and the new.

JOHN W. PENCE, *President*

The Mound, as in the case with student annuals generally, honors particularly the members of the graduating class. We have chosen to call the end of the college year with its round of activities, a time of commencement. At the time, however, for most of the participants the fact that it marks the end of several very pleasant years of association with classmates and friends will bulk larger in their minds. As the post-graduation years lengthen, a rosy glow of remembrance will settle over these college days while full attention rests on the ever present duty of getting on with the tasks at hand. All the while, we at the College will continue to think of you and to wish you well in all your undertakings, and we shall trust that your Alma Mater and your associates of college days will always hold a place in your affections.

Everything has its beginning, and college life is no exception. Freshman Orientation Week is a well planned introduction to life on "the hill." From the time of the first assembly on Monday morning till midnight signals the last dance in the Freshman Mixer on Friday evening there is one steady chain of events that add up to one of the finest phases of college life. Certainly the memories of Freshman Week will linger long and vividly in the minds of those who took part in its every activity.

The Mound

The original "Mound" was located on the campus of the old Fairmont Normal School. It was a favorite meeting place for students and its name was given to the first yearbook. In 1938, part of the Mound was transferred to the location next to the Senior Walk where it remains today as a link between the old campus and the new.
